

PROJECT VOTE 2020

COLLEGIATE CHAPTER INCENTIVES: \$200.00 GRANTS

In a collaboration with the Project Vote 2020 planning team, the International Collegiate Affairs Committee (ICAC) is providing an opportunity for Collegiate chapters that actively support the initiative to win a grant. These grants are to be judged on the chapter's activities linked to encouraging more Black Men to vote in the upcoming 2020 elections. Those chapters that are awarded the Project Vote 2020 grants will have those funds applied to their chapter tax and insurance fees for fiscal year 2021.

Each of the seven (7) regions will have opportunities for three (3) grants to be awarded to their respective chapters.

Details:

- There will be up to 21 Project Vote 2020 grants awarded to Collegiate chapters. Evidence that the chapters actively participated in Project Vote 2020 will be validated by the number of Program Implementation Assessments (PIA's) uploaded into the chapter's portal relating to the Project Vote 2020 activities.
- There must be photographic evidence uploaded to the PIA area to support the chapter's activities.
- The grant is to be solely used towards the 2021 chapter tax and insurance bill.
- This award incentive is open to all Collegiate chapters. The participating chapters that have uploaded PIA's supporting at least one activity in each of the voting processes (registration, education and mobilization) will be placed in a drawing. The actual drawing will occur within 30 days after the November 3, 2020 election.
- This is a weighted competition that allows great chances for the chapters, no matter their size:
 - Participating Collegiate chapters with membership rosters having five (5) or less financial Brothers will get 5 entries in the drawing
 - Participating Collegiate chapters with membership rosters having between six (6) and fifteen (15) financial Brothers will get 4 entries in the drawing
 - Participating Collegiate chapters with membership rosters having between sixteen (16) and twenty-five (25) Brothers will get 3 entries in the drawing
 - Participating Collegiate chapters with membership rosters having between twenty-six (26) and forty (40) financial Brothers will get 2 entries in the drawing
 - Participating Collegiate chapters with membership rosters having forty-one (41) or higher financial Brothers will get 1 entry in the drawing
- The chapters have to pay their portion (\$350) no later than December 31, 2020
